

Junhao (Kyle) Tang

EDUCATION

University of Pennsylvania

Master of Applied Economics and Data Science

Philadelphia, PA

Sep 2026 – Dec 2027

Hong Kong University of Science and Technology

BSc Risk Management & Business Intelligence, Second Major in Computer Science

Hong Kong, China

Sep 2021 – Jun 2026

- **3.83 GPA** (Major), **3.78 GPA** (Cumulative); First Class Honours
- Dean's List (2022-2026); HKUST Continuing Undergraduate Scholarship; HKSAR Reaching Out Award
- Boston College Student Exchange Program (Fall 2023, **3.92 GPA**); Peking University Summer School

WORK EXPERIENCE

Huatai Securities

Fixed Income Research Intern (Part-Time)

Remote

Jun 2026 – Present

- Wrote weekly rates notes reading high-frequency macro and policy data into duration positioning.
- Wrote four chart-driven notes on frontier AI progress and geopolitical risk to oil and inflation.
- Contributed to three deep-dive reports in an Economics of AI series: an indicator framework for the AI chain, how AI splits input prices from consumer prices, and China's AI capex funding gap and bond supply.

Haitong International Securities

Macro Strategy Research Intern

Shanghai, China

Jun 2026 – Aug 2026

- Wrote weekly global macro strategy reports reading cross-asset moves and fund flows for asset allocation.
- Built a 31-sector scoring model ranking sectors for rotation, and wrote monthly sector outlooks.
- Wrote 20+ flash notes on sentiment, liquidity, leverage, and funding signals across US, China, HK, and Korea.
- Turned HK AI lock-up supply, southbound flows, and long-end US rates into allocation and entry-timing calls.

Tencent

Data Scientist Intern, Risk Management

Shenzhen, China

May 2025 – Sep 2025

- Engineered behavioural signals from high-frequency recharge data across user, payment, and device dimensions.
- Built semi-supervised and graph-mining models flagging abnormal recharge early, tuning precision against misses.
- Refactored models on a distributed system, tuning parameters and pipelines for daily production monitoring.

DiDi

Data Analyst Intern, Industry Strategy

Beijing, China

Dec 2024 – Apr 2025

- Built SQL pipelines and dashboards tracking high-frequency platform data behind pricing decisions.
- Designed a supply-side coverage metric with automated anomaly flagging to catch shifts in partner behaviour early.
- Estimated demand elasticity from A/B pricing tests to size the payoff on switcher-targeted coupon spend.

PROJECT EXPERIENCE

WeBank Capstone Project

Group Leader, Outstanding Award

Hong Kong, China

Sep 2024 – May 2025

- Proposed an LLM credit approval workflow that drafts the credit write-up and scores it with a fine-tuned classifier.
- Built a GraphRAG knowledge graph to pull comparable historical borrowers as precedent for each decision.
- Designed an evaluation framework weighing accuracy, F1, and AUC against latency and cost per decision.

SKILLS

Languages: Mandarin (Native), English (Fluent), Cantonese (Fluent)

Computer: Excel (Power Query, PivotTables, VBA), Python, SQL; Bloomberg Terminal, FactSet, Wind

Interests: Soccer, Tennis, Hiking, Photography
